Dear Todd & Sandra:

We would like to express our appreciation for a job well done on the construction of our park model now on site at the Oasis RV Resort in Osoyoos, BC. We are very pleased with the finished product in every way. Given that the communication on the whole project was by e-mail, it is amazing that the results are as good as they are. The final outcome has been beyond our expectations and for that we thank you.

Right from the first meeting with Todd on site at Osoyoos we felt assured that here was someone we could trust and work with in confidence. During the entire construction process there were some wrinkles to be ironed out and we found Sandra to be patient and unruffled in all our dealings with your company as well as wise and experienced in her advice regarding choices. Finally we were amazed by the skill and efficiency of the setup crew. Todd had assured us that he would not leave until we were happy and this actually happened!

Thank you for making this experience a good one. In retrospect we have come to believe that Willow Ridge builds the best park model on the market today and are happy to recommend this company to anyone looking for this type of vacation home.

Yours truly,

Adina Hartin
